## Advantages of Corporate Membership

UFDC offers this program for corporations and businesses who wish to have contact with our organization and its members. Corporate membership supports our organization and encourages a broad spectrum of doll collecting.

One of the precepts of UFDC, Inc. is that the study of dolls is the study of mankind. Dolls have been a part of civilization for over five thousand years, and they personalize history in a manner few other artifacts can equal.

The United Federation of Doll Clubs, Inc. is the oldest, largest and most prestigious of all the doll and toy collecting groups. Founded in 1949, we now number nearly 10,000 members in 21 countries. Most members are organized into member clubs, but many prefer membership-at-large. While most of our members are age 50 or older, we have a growing member base among more youthful collectors. The computer age enables us to include young mothers, individuals who are housebound and foreign members. UFDC's structure permits members to be involved as little or as much as their time allows. Many of our older members depend on their lifelong involvement with UFDC for social contacts, as well as their doll interests. At the other end of the spectrum we have a Junior Collector program which seeks to involve youngsters with mentors who can guide their early years of collecting. Our hope is to see these Juniors mature into active members of Federation.

DOLL NEWS is the official UFDC publication. A 100+ page, full-color magazine, DOLL NEWS features original research material authored by recognized doll authorities. It is the most scholarly and respected of all doll publications.

Our National Convention hosts the largest annual gathering of dedicated doll collectors. The convention's commercial exhibit is the most extensive in the world featuring antique, collectible, modern, artist dolls, and doll-related items.

UFDC's history, goals and accomplishments are proven in the field of dolls. When you become a corporate member your company will help ensure the continued growth of doll collecting.

### **Benefits of Corporate Membership to your company include:**
